

# BATTLETOME: CITIES OF SIGMAR

Designers' Commentary, October 2019

The following commentary is intended to complement *Battletome: Cities of Sigmar*. It is presented as a series of questions and answers; the questions are based on ones that have been asked by players, and the answers are provided by the rules writing team explain and how the rules are intended to be used. The commentaries help provide a default setting for your games, but players should always feel free to discuss the rules before a game, and change things as they see fit if they both want to do so (changes like this are usually referred to as 'house rules').

Our commentaries are updated regularly; when changes are made any changes from the previous version will be highlighted in **magenta**. Where the stated date has a note, e.g. 'Revision 2', this means it has had a local update, only in that language, to clarify a translation issue or other minor correction.

*Q: In a Pitched Battle, Kharibdysses, Steam Tanks and War Hydras can be Battleline units in some Cities of Sigmar armies. In such cases, are they still counted as Behemoths as well?*

*A: No.*
